Tahseen has the edge in availing necessary flight permits. Given the fact that we work hard to eliminate all the possible difficulties in obtaining different kinds of permits, we also see to it that we set standards in choosing partners who not only have the legacy; but also having a comprehensive knowledge on how to maintain and nurture distinct professional relationships with the regional authorities, especially in Yemen, KSA, and UAE, which makes this task easier to be accomplished in the shortest possible time without any hassle. Subsequently, NGOs and Oil & Gas companies in Yemen prefer to partner with us, and our airline clientele continuously grows.
